Professional Summary

Motivated and detail-oriented Frontend Developer with strong full-stack skills in building responsive, scalable, and high-performance web applications using Next.js, React, Node.js, Express.js, and TailwindCSS. Currently contributing at Ayuvya Ayurveda, improving SEO, UI performance, and user engagement. Passionate about clean architecture, optimized APIs, and seamless user experiences.

Tech Stack Summary

JavaScript (ES6+), TypeScript, React.js, Next.js, Node.js, Express.js, HTML, CSS, TailwindCSS, MongoDB, MySQL, PostgreSQL, Redis, Docker, Git, REST API, JWT, Microservices, SEO Optimization

Experience

Frontend Developer | Ayuvya Ayurveda (A.H.P.L) — May 2024 – Present

- Developed responsive, SEO-optimized web pages using Next.js, React, TailwindCSS, and JavaScript, improving site load speed by 25%.
- Collaborated with backend teams for API integration, data handling, and authentication (JWT-based secure endpoints).
- Implemented coupon functionality and payment gateway integration, enhancing checkout experience and conversion rates.
- Optimized responsive layouts, resolved mobile overflow issues, and improved Lighthouse accessibility score by 30%.
- Created reusable UI components and HTML email templates ensuring code consistency across multiple brand websites.
- Proposed and executed ideas improving SEO and user retention metrics.

Key Achievement: Boosted organic traffic and improved web performance metrics through SEO and code optimization.

Projects

StudyNotion (Full Stack EdTech Platform)

Developed a full-stack MERN-based learning platform offering interactive courses, authentication, and payment integration.

- Designed RESTful APIs with Node.js & Express.js for user authentication (JWT), course CRUD, and payment services.
- Managed backend data persistence using MongoDB and optimized schema for performance and scalability.
- Integrated frontend-backend communication using Axios and Redux Toolkit for real-time updates.
- Developed responsive UI with TailwindCSS ensuring cross-device compatibility and accessibility.
- Deployed using Vercel and Render, achieving continuous integration and efficient build optimization.

Education

Bachelor of Technology in Computer Science and Engineering — Maharashi Dayanand University, Rohtak (2020–2024)

CGPA: 7.5 / 10

Technical Skills

Programming: JavaScript, TypeScript, Python, Java, GoLang

Frontend: React.js, Next.js, HTML5, CSS3, TailwindCSS

Backend: Node.js, Express.js, REST API, GraphQL, JWT Authentication

Databases: MongoDB, MySQL, PostgreSQL, Redis

Tools: Git, GitHub, Docker, VS Code

Other: SEO Optimization, API Integration, Agile Development, CI/CD

Certificates

- Udemy – Full Stack Web Development Certification (2022)
- Coding Ninjas – Data Structures and Algorithms in Java (2023)
